🌐 Mohammed Alammam 🔄 Mohammeddomzi 🔗 Personal portfolio

🎓 Education

King Fahd University of Petroleum and Minerals,
Software Engineering, Bachelor
Major GPA: 3.55

2020 – present | Dhahran, Saudi Arabia

💼 Professional Experience

Alamer & Brothers Trading Co., *Software Development Intern* 06/2023 – 08/2023 | Alahsa, Saudi Arabia
Implemented Jira for efficient project management and contributed to developing a web-based advertisement management system using Next.js, React, Tailwind CSS, MongoDB, and Microsoft SQL Server. Gained hands-on experience with database migration, workflow automation, and UI/UX improvements, enhancing task tracking and system performance.

📁 Projects

Expense Tracker App, *Flutter project* 2023 – 2024
In the development of a comprehensive expense tracker app using Flutter and Dart, I gained a profound understanding of creating intuitive user interfaces and implementing robust app functionalities. Throughout this project, I learned to efficiently manage and display data using both stateful and stateless widgets, ensuring a seamless user experience.

Qarin (UI), *Course* 2022 – 2023
Through designing a prototype for a SIM Cards Comparison App with Figma and Moqups, I significantly honed my skills in UI/UX design, mastering the art of user-centric interface creation. This experience deepened my understanding of effective visual communication and interactive design, emphasizing the importance of intuitive navigation and accessibility.

📖 Courses

Flutter & Dart, *Udemy* 2023 – 2024
Mastered Flutter SDK and Framework for high-performance native app development on iOS and Android. Proficient in Dart, state management, UI design, and API/database integration for cross-platform mobile apps.

</> Technical Skills

- **Programming Languages:** Python, Dart, C, JavaScript
- **Frameworks & Libraries:** Next.js, React, Flutter, Unity
- **UI/UX Design:** Figma, Tailwind CSS
- **Database Management:** MongoDB, Microsoft SQL Server
- **Project Management Tools:** Jira, Notion

🧩 Soft Skills

- Effective Communication
- Time Management
- Adaptability
- Problem-Solving
- Team Collaboration
